## Discussion Points - CalFresh Recipients

1. How do local/regional partners currently *coordinate workforce service delivery* to people receiving CalFresh? What more can be done?
2. What are examples of existing local/regional partnerships that serve *subgroups within the CalFresh population* (i.e. formerly incarcerated individuals, non-custodial parents, etc.)? What more can be done?
3. What types of *workforce services* are available to people receiving CalFresh? Do we need to make modifications to these to meet the needs of the population?
4. How are local/regional partners working together to provide *supportive services* to this population to facilitate entry into employment?
5. How can the WIB and its partners engage the CalFresh population in *regional sector pathway* programs, e.g. health care, building & trades, etc., as they progress into livable wage jobs and careers?
